Candy-O's Story

In 2010 singer and frontman Randy was tired of playing with cover bands and wanted to put together an act that would differentiate the live music scene and appeal to the mass group of audience who loved the sound and total vibe of the 70's and 80s...he formed Candy-O, the ultimate tribute to The Cars.

Candy-O breathes tone and accuracy into every song and captures the terminal cool of the Cars live performances from the 70's and 80's. Candy-O continues to amaze and entertain audiences with its high energy stage presence and spot on delivery of the Cars' radio hits of those magical decades.
